

Comune di Lecco

# SUMMER IN LECCO 2019

## A new summer season to live together

This year too, there are many events and shows proposed to enjoy the city of Lecco during the summer season.

A full calendar of initiatives for citizens and tourists that, as evidenced by the number of presences growing each year, responds positively to the varied offer of the territory: cultural, musical and sporting events, opportunities to enjoy the natural beauty of the lake and the mountains with many possibilities for excursions, routes and guided tours, up to moments of entertainment and shopping.

All of that is possible thanks to a city that is increasingly capable of welcome and propose itself, as it's demonstrated by the wide range of events, which are the result of the commitment of the municipal administration and of many urban realities.

A schedule so rich of events to mention just a few.  
I just want to briefly mention the thematic sections, which complete a proposal of increasing quality.

In the **Visits in the city** section there are itineraries and guided tours in Lecco, in **Music festivals** in the city there are suggestions of different musical genres, in the **Cinema & books** section are proposed different books for the summer period, in **Museums in summer** there are the exhibitions in the different

museums; the Notte Bianca offers moments of entertainment and culture, the **Sport in the city** section lists numerous summer events, a sign of a particular vocation of our territory towards sports and outdoor activities that acquire additional value in the natural scenery offered by the city; finally the **Over 60** section refers to the initiatives organized by the pizzeria Giglio.

Moreover, some exceptional events like the second edition of the August Festival "**Con la testa all'insù**" ("With the head up"), the **Environment Festival** in September and the **Italian Language Festival** in October, without forgetting the traditional **Lake and Mountain Festival** and the fireworks show on June 30<sup>th</sup>.

Our territory offers to citizens and visitors the projection of movies for the festival of **cinema on the water, lake tours**, mountain climbing with the **Piani d'Erna** cable car, excursions, culture and leisure in **Piani Resinelli**, as well as an unusual look at the city from the top of the **Saint Nicholas' Bell Tower**.

A sincere thanks to associations, public and private organizations and sponsors, who collaborated in the organization of this new program.

**Good summer everyone!**

**Virginio Brivio, Mayor of Lecco**
